DIY Sock Cupcakes

Materials

-Reindeer, Santa and Snowman template sheets printed on cardstock paper

-Small, sharp scissors

-Transparent tape

-3 pairs of warm, fuzzy socks

-Rubberbands

-Clear cellophane wrap (optional)

Instructions:

1. Cut out the reindeer, antlers, rectangle and wrapper template.
3. Fold one of the socks in half, lengthwise. Place it on top of the other sock.
4. Starting at the cuff, roll the socks up to the toe end. Secure the roll with one or two rubber bands around the thin part of the roll.
5. Fan and "fluff" the rolls by pulling slightly to create a cupcake "icing" and/or "rosebud" look.
6. Wrap the patterned liner around the sock roll so that it's tight and snug. The ends will overlap.
7. Secure together with tape.
8. Next, fold the rectangle in half and tape one end to the back of the antlers.
9. Insert the antlers into the sock rolls, facing forward, towards the front and lining them up with the reindeer's face.
10. Follow the same steps for Santa and the snowman.
11. Use clear cellophane wrap to cover your Sock Cupcake Gifts, if desired.
